

EXPERIMENT 3

Redesign your favorite agency's contact page in a more user-friendly way

Aim:

To Redesign your favorite agency's contact page in a more user-friendly way.

Procedure:

1. Open Figma.
2. Start a new design file.
3. Choose the size for your design or frame size.
4. Add and arrange text, images, and other elements.
5. Select the frame.
6. Save your design elements in the desired format.

Output:

The Screenshots of the Output is attached in the next page.

Result:

Using Figma, My favorite agency's contact page is redesigned to make it user-friendly.
